

March 15, 2020

Dear Parents & Guardians,

In wake of the latest COVID-19 pandemic, Desert Trails Preparatory Academy is now under a mandatory school closure. Therefore, an Independent Study packet to be completed by your child was sent home on Friday, March 13th in preparation for such case that school is closed. If your child was absent on Friday or did not receive a packet, you may come pick up your child's packet on Monday, March 15th between the hours of 7:30 am – 9 am.

The teachers have prepared assignments that correlate to what your child is currently learning in class. We are asking that your child completes this packet during their time at home in place of the learning they are missing. We strive daily at DTPA, to close achievement gaps and foster academic success.

Therefore, while your child is at home, your child's teacher will be available via your child's normal means of class communication, i.e. Classdojo, Remind, or Bloomz. So if any questions arise regarding your child's assignments, please do not hesitate to contact them. Once the school closure is lifted and your child returns to school, the Independent Study Packet will be due to your child's teacher and will be graded accordingly.

Further, during this time, parents will be updated through our One-Call system and our website. Please do not ignore these forms of communication. They will relay vital information to you concerning our current situation.

We are working diligently to provide a safe and healthy learning environment for your child. We thank you for your patience and support during this time.

Sincerely,

DTPA Administration
